

Merchant Sign-Up Form with Shared Commission

DataFeedFile.com (DFF) Services. DataFeedFile.com combines and process data feed files from thousands of merchants to create a price comparison web service for affiliates.

Shared Commission business model. Shared Commission allows affiliates and merchants to use DFF services for FREE. DFF earns possible income by substituting 1 out of 4 click-through (every 4th click) with DFF's affiliate ID. All click-through, sales and commission are still tracked by the chosen Affiliate Network. For more detail about Shared Commission see DFF's Merchant FAQ on our website.

Authorization to use and distribute. Merchant here authorized DFF to display product information, banner, links, logos and other marketing materials which are provided for approved affiliates.

Conformant to Merchant's Affiliate Program. All affiliates using DFF web services must be an approved affiliate and in full compliant to the merchant's affiliate program terms and conditions.

Termination. Any party may terminate this affiliation upon written or electronic notice provided by either party via email, fax or US Postal Mail.
